25X1 10. [] Met with Senator Jack Miller and discussed with him the breakfast meeting at Headquarters for Tuesday, 30 April 1968. Senator Miller noted his appreciation for the Director's courtesy but requested that the present visit be limited to discussion of Central and South America with a half hour after breakfast with someone from FE. At a later date he would like to spend the better part of a day with us and at that time would appreciate the Director's offer for breakfast or lunch plus appropriate briefings on the Agency. I advised the Senator that I would report our conversation and would meet with him tomorrow.

25X1 11. [] and [] met with Mr. John Reddan, Staff Director of the Hardy Defense Posture Subcommittee, and reviewed the suggested agenda for the Director's briefing for Tuesday, 30 April. Mr. Reddan had several suggestions relating to additional items of interest to the Committee. This will be relayed to [] 25X1

Mr. Reddan called later in the day to advise that the Chairman was scheduling the briefing for 2:00 P.M., 30 April. I thanked Mr. Reddan and advised him that I would relay the information in the morning.

25X1 12. [] Met with Mr. William Woodruff, Senate Appropriations staff, and gave him a status report on the exploitation of Soviet heavy lift helicopters. Mr. Woodruff requested time to study the report and then would like to discuss it.

In passing, Mr. Woodruff noted that, although there have been some newspaper comments on Senator Hayden's retirement, there has been no official word from his office. It does appear to be an accepted premise, however, that he will retire this year.

25X1 13. [] met with Mr. Charles Ducander, House Committee on Science and Astronautics, and briefed him lightly on a recent Soviet space event. 25X1

25X1 14. [] Stephen Jones, in the office of Representative Paul Findley (R., Ill.), called to say that Mr. Findley wanted to talk to someone about the [] article in Life magazine. After checking, I said I would meet with Findley at 3 o'clock on 24 April. 25X1
